

Coopers Crossing School Council

Meeting Minutes- May 6th, 2019

Meeting started at 7:00

Present – Todd H, Tammy D, Bobbi Jo D, Christine B, Kara M, Jennifer M, Jim F, James S, Twila H

1. Introduction From Todd

- A) The May character lab is Curiosity. We talked about how we learn through pushing limits, finding our boundaries in order to find our passions. We watched a short clip from the movie 'WALL-E' that showed the robot finding their curiosity and then leveraging that to learning and how it's unique to everyone.
- B) Principals Report – Todd talked about the budget for the new year and the changes and was happy to report that there are no major changes in terms of staffing and being able to keep certain positions the same for the time being.
- C) Real Time Reporting- This will be a change to powerschool including changes to report card indicators and how the teachers will convey information to the parents in more of a real time format

2. Trustees Report from Jim Forrest

- A) Q1 report is out and there will be minor changes to the bussing next year due to budget and those details will be released soon
- B) Community usage vs school needs was discussed and there needs to be a balance between the two and they are always trying to make it work fairly for the community who uses the school
- C) Rockyview Leadership Academy – Jim talked about high school students taking leadership roles in their school and in the community and what an amazing program that is in place

3. 4 YP Engagement Feedback

- A) A few amazing teachers were part of this 4 year plan designed to work on goals and outcomes in the RVS system. The design principles are based on LEARN: Leveraging capabilities of students and community, Engage in purposeful work designed to build foundational skills, Appreciate and promote diversity in ideas and culture, Reflect on learning through meaningful assessments, Nurture positive relationships built on trust. We did an activity as smaller groups to focus on the points we thought were accurate for Coopers school compared to a broader spectrum that was really intriguing. We all felt lucky to have children in Coopers Crossing.

4. AGM

The AGM is set for Monday June 3rd and everyone is welcome to join. There will be positions available on council for anyone who is interested.

5. Family Fun Day- Monday June 24th

It is a carnival theme this year and we are very excited for it. There will be hot dogs, cotton candy, sno cones and games all available for purchase. It will be from 5-8 at the school and Oranj fitness has happily agreed to come for 30 minutes to do a fun little fitness class for all the kids. We are in need of lots of volunteers. If anyone is able to donate their time, please contact Bobbi deKlerk at bobbideklerk@gmail.com.

Meeting adjourned at 8:08

Thanks to all for coming!
