December's character trait is honesty and humility. We shared the importance of both.

Principal's report

Rachelle shared some of the results from the school's annual survey which is in Todd's weekly email.

The weekly connection times are being recorded, and will be shared with parents in the future, so that students who are absent can still be included.

The admin staff is looking for feedback with how we can include the online students and parents in the school community.

Trustee report

Infrastructure maintenance and renewal funding has been approved. RVS has received \$6M and a plan has been put into place.

The dates have been extended for parents to decide about whether students will be attending online or in person classrooms beginning February.
